

Kay Blvd
06-1330-OF

We received a complaint of speed violations on Kay Blvd on 1/17/06. We deployed a SMART VMS trailer and assigned officers to monitor vehicle speeds in the area. Vehicles speeds did appear to be high in both directions, however there have only been three accidents on Kay Blvd from 1/1/04 to 4/12/06.

We stopped 55 vehicles for moving violations from 1/1/04 to 4/12/06; 16 of those car stops were made by officers as a result of this complaint.
