All permits will be reviewed only when all application materials are submitted. Based upon a review of the application and of the totality of the circumstances surrounding the proposed work, a permit may be issued. **Companies performing emergency work that require openings within the City's right-of-way shall call the Newport Police Department in accordance with City Ordinance #12.08.050.**

The contractor shall also call the Department of Public Services Engineering Division the next business day following the emergency excavation to submit application materials for approval in accordance with City Ordinance # 12.08.030.

Applicant agrees that all work within the City right-of-way will be accomplished with approved plans and the Rules, Regulations & Standard Specifications for Construction within City right-of-way property and shall be subject to inspection and approval of the Director of Public Services.

In consideration of the granting of this permit, the permittee hereby agrees to preserve and save harmless the City of Newport and each officer and employee thereof from any liability or responsibility for any accident, loss or damage to persons or property happening or occurring as a proximate result of its negligence or the negligence of its agents, servants, employees or contractors, in the design or performance of any work herein referred to.

Any encroachment not placed in a right-of-way belonging to above signed which is prior in time and/or right to the City's right-of-way, any tank, pipe, conduit, duct or tunnel placed in the excavation or obstruction herein referred to interferes with the subsequent improvement, grading or realignment of the highway by the City, then the above signed will at their own expense remove such tank, pipe, conduit, duct, or tunnel or relocate at a location designated by the Director of Public Services.

The above signed further agrees to pay any damages resulting to the City of Newport from the negligent or improper design, construction of installation of the encroachment and will restore the property crossed, as near as may be possible to its former state and so as not to have impaired unnecessarily its usefulness or will repay to City of Newport its cost of such restoration.
